

Manufacturer of electrical and network connectivity and cable management

Manufacturer of high-quality UL/CSA copper wire, cable, and tubing accessories

Manufacturer of Telescopic slides for technical & industrial equipment

Manufacturer of holistic workspace concepts for Labs & Control Rooms

Designer of high-quality battery packs, power supplies and battery chargers

Manufacturer of Enclosures for IT, OT, ATE and electronics. Server, network and specialized racks & solutions

A leader in high-quality power cords and plug adapters

Designs, builds and services mission critical technologies such AC and DC power, UPS, Thermal Management, and Modular Datacenters

A global leader of power distribution units, ATS/STS and KVM-over-IP solutions

Manufacturer of embedded computing & integrated systems

Provider of premium industrial power products for complex industrial applications

Manufacture of world class precision Joysticks

Provider of AV signal distribution and connectivity solutions

Manufacturer of precision cooling and thermal management systems

Manufacturer of flexible power distribution systems

Specialist in electrical and digital building infrastructures

Provider of high quality rackmount power distribution units (PDUs) and monitoring solutions

Manufacturer of eco-friendly, high-performance wire and cable that are 100% recyclable

Manufacturer of airflow containment systems for the information technology industry

Manufacturer of flexible and scalable raised floor partition system

Manufacturer of Seismic isolation products

Manufacturer of high-quality custom cables

Manufacturer of smart batteries and chargers

Manufacturer of high efficiency cooling systems

Data center infrastructure management software (DCIM) for monitoring and operational efficiency

Provider of IT & facilities environment monitoring products

Manufacturer of innovative fire protection systems

Direct-on-chip liquid cooling solutions for high performance computing environments
